### **CAPITAL INJECTION INTO JINZHOU YANGGUANG MOTECH RENEWABLE ENERGY CO., LTD. CONSTITUTING DISCLOSEABLE TRANSACTION AND DEEMED DISPOSAL**

#### **CAPITAL INJECTION AGREEMENT**

The Board is pleased to announce that on 12 November 2015, Jinzhou Jinmao, a wholly-owned subsidiary of the Company, Motech Solar and the Target Subsidiary entered into the Capital Injection Agreement, pursuant to which Jinzhou Jinmao and Motech Solar agreed to inject a capital of RMB8.6 million and RMB11.4 million, respectively, into the Target Subsidiary by way of cash contribution.

In order to cope with the significant growth in demand from the Company's customers for photovoltaic modules, Jinzhou Jinmao established the Target Subsidiary in October 2015, which engages in the manufacturing of photovoltaic modules and the undertaking, design and installation of photovoltaic systems and engineering. The Target Subsidiary has a planned annual production capacity of 600MW, of which 400MW will commence production in February 2016 and the remaining 200MW is set to follow in the third quarter of 2016. The Company's total annual production volume of photovoltaic modules will then reach 1,200MW. Due to the long customer demand for downstream photovoltaic modules, the Company's competitive edge in terms of cost effectiveness will be strengthened in relation to the vertical integration strategy. The Directors considered that it would be in the interest of the Company and it has authorized a mandate for Jinzhou Jinmao and Motech Solar to inject the capital in the aggregate of RMB20 million into the Target Subsidiary to expand its production capacity and to meet its general working capital requirement. Through the Capital Injection, the Group has also established a strategic alliance with Motech Solar, whereby both parties will leverage their respective strengths and experience in laying a solid foundation for broader co-operation in the future.

Upon completion of the Capital Injection, the Target Subsidiary will be held a to 81% by Jinhe Jinmao and 19% by Motech Shareholders.

### **LISTING RULES IMPLICATIONS**

Since the applicable percentage ratio (as defined in the Listing Rules) in effect of the capital injection of RMB8.6 million by Jinhe Jinmao into the Target Subsidiary, when aggregated with the capital contribution of RMB40 million by Jinhe Jinmao, on the establishment of the Target Subsidiary on 26 October 2015, is not less than 10% of the total amount of RMB48.6 million of the

Under the terms of the Capital Injection Agreement, Jin hao Jinmao and Motech S hao agreed to inject a capital of RMB8.6 million and RMB11.4 million, respectively, into the Target S b idia b a of cash contribution. The amount of the Capital Injection a determined after a m' length negotiation between Jin hao Jinmao and Motech S hao ith reference to the estimated funding and general o king capital e i ed for the o e ation of the Target S b idia fo the o e de c ibed in the ection headed Rea on fo and the Benefit of the Capital Injection belo . Upon completion of the Capital Injection, the Target S b idia ill be held a to 81% b Jin hao Jinmao and 19% b Motech S hao and the total egi te ed capital of the Target S b idia ill be inc ea ed f om RMB40 million to RMB60 million.

## **(b) Financial information**

The unaudited net asset value of the Target Subsidiary as at the date of the Capital Injection Agreement is RMB40,000,000. Given that the Target Subsidiary has not commenced any business operation, the Target Subsidiary has not recorded any profit or loss since the date of its establishment.

## **FINANCIAL IMPACT OF THE CAPITAL INJECTION ON THE GROUP**

Following completion of the Capital Injection, the registered capital of the Target Subsidiary will be increased from RMB40 million to RMB60 million, which shall be owned as to 81% by Jinsheng Jinmao and as to 19% by Motech Share. The Target Subsidiary will continue to be a subsidiary of the Company and the financial result of the Target Subsidiary will continue to be consolidated by the Group.

Based on the existing information available to the Company, the expected gain from the Capital Injection will amount to approximately RMB8.6 million, which is based on the net asset value of the Target Subsidiary attributable to the Group after completion of the Capital Injection less the net asset value of the Target Subsidiary attributable to the Group before completion of the Capital Injection. This expected gain from the Capital Injection will account for a non-recurring item and will be recognized as a non-recurring item in the financial statements of the Group. The Capital Injection will not result in any significant impact to the profit or loss of the Group.

## **APPLICATION OF THE CAPITAL INJECTION**

The Target Subsidiary intend to utilize the proceeds from the Capital Injection for expansion of module business and its general working capital.

## **REASONS FOR AND BENEFITS OF THE CAPITAL INJECTION**

The Group is a leading supplier of silicon wafer and monocrystalline silicon ingot and wafer. Its product line not only extend to the customer in the silicon wafer and monocrystalline silicon ingot and wafer. According to, each and every photovoltaic product is for the solar cell, which include the manufacturing and sale of monocrystalline silicon ingot and wafer; the manufacturing and sale of photovoltaic cell; the manufacturing and sale of photovoltaic module; the installation of photovoltaic system; and construction of photovoltaic power plant. It business cooperate the whole industrial chain of the photovoltaic industry, focusing on providing one-stop solar energy service.

In order to cope with the significant growth in demand from the Company's customer for photovoltaic module, Jinsheng Jinmao established the Target Subsidiary in October 2015, which engage in the manufacturing of photovoltaic module and the undertaking, design and installation of photovoltaic system and engineering. The Target Subsidiary has planned annual production capacity of 600MW, of which 400MW will commence production in February 2016 and the remaining 200MW is set to follow in the third quarter of 2016. The Company's total annual production volume of photovoltaic module will then reach 1,200MW. Given the long-term demand for monocrystalline photovoltaic module, the Company's

competitive edge in terms of cost effectiveness will be strengthened in relation to the electrical integration strategy. The Director considered that it would be in the interest of the Company and its shareholders as a whole for Jinzhou Jinmao and Motech Suzhou to inject further capital in the aggregate of RMB20 million into the Target Subsidiary to ensure production capacity and to meet its general working capital requirements.

The Director considered that the Capital Injection will strengthen the Target Subsidiary's capital base which in turn will meet its capital needs and facilitate the growth of the module business of the Group. Though the Capital Injection, the Group has also established a strategic alliance with Motech Suzhou, where both parties will leverage their respective strengths and experience in laying a solid foundation for broader co-operation in the future.

Taking account of the benefits of the Capital Injection described above, the Director (including the independent non-executive Director) believe that the Capital Injection is in the interest of the Company and the terms of the Capital Injection Agreement are on normal commercial terms, fair and reasonable and in the interest of the Company and its shareholders as a whole.

### **INFORMATION ON JINZHOU JINMAO**

Jinzhou Jinmao is principally engaged in the research and development, design, production and sale of photovoltaic modules and provision of comprehensive services as an integrated business and operate a production base for the photovoltaic module business of the Group.

### **INFORMATION ON MOTECH SUZHOU**

Motech Suzhou, established on 31 December 2006, is principally engaged in the research, development, and manufacture of high quality solar products and services, ranging from Photovoltaic (PV) cells, PV modules to PV power systems.

### **INFORMATION ON TARGET SUBSIDIARY**

The Target Subsidiary is principally engaged in the manufacture of photovoltaic modules and undertaking, design and installation of photovoltaic systems and engineering.

### **LISTING RULES IMPLICATIONS**

Since the applicable percentage ratio (as defined in the Listing Rules) in respect of the capital injection of RMB8.6 million by Jinzhou Jinmao into the Target Subsidiary, when aggregated with the capital contribution of RMB40 million by Jinzhou Jinmao upon establishment of the Target Subsidiary on 26 October 2015 pursuant to Rule 14.22 of the Listing Rules, exceed 5% but does not exceed 25%, the capital injection of an aggregate amount of RMB48.6 million into the Target Subsidiary by Jinzhou Jinmao will therefore constitute a discloseable transaction for the Company under the Listing Rules.

On the other hand, following the completion of the Capital Injection, the Company's interest in the Target Subsidiary will be diluted and the capital injection of RMB11.4 million into the Target Subsidiary by Motech Software constitutes a deemed dividend amount to RMB14.29 of the Listing Rules. As none of the applicable percentage ratio (as defined in the Listing Rules) in effect of such capital injection by Motech Software exceed 5%, such capital injection does not constitute a discloseable transaction of the Company under the Listing Rules.
