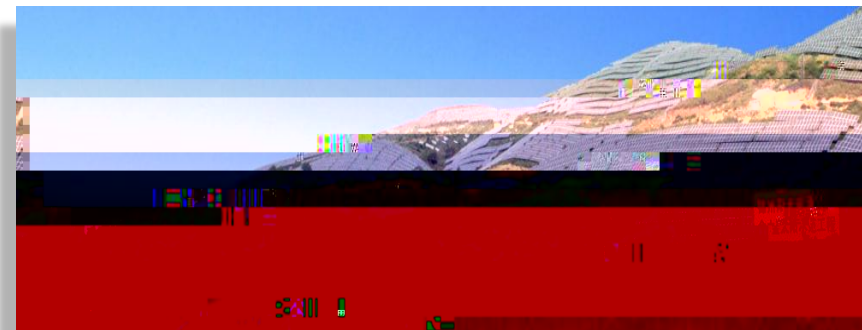

Photovoltaic power plant projects

The State Council of China announced a guideline for the photovoltaic industry, the "Opinions of the State Council on Promoting the Healthy Development of Photovoltaic Industry" (the "Opinions") in July 2013. The Opinions stipulated a target of reaching over 35GW total installed capacity of photovoltaic power generation by 2015 and introduced several requirements in respect of the photovoltaic product manufacturing projects, which are expected to blaze a path for the photovoltaic industry.
